

July 8 1943

Mr Thomas Kelly
Board of Education
Patterson N.J.

Dear Sir:

Since writing you two days ago, I have gone over our schedule more throughly, and find it would offer us a better chance to do something in Patterson if we put off coming until August. We would also be able to bring better attractions.

If we could have the park for August 14th, 21st and 28th, it would give us a chance to advertise all the games together, and put on a concentrated campaign. Then too we could get the best attractions in our league. The Yankees showed so poorly there last time, it would be better to bring in another team if possible.

On the dates above, we would be able to bring The St. Louis Stars, and The Cuban Stars as well as the Yankees.

If you have answered my other letter, and given us the park, please cancell the date. I realize all this sounds very much like we dont know what we want to do, but the baseball season has been very confused, and we have made several changes during the season. Thanking you for your cooperation

Very Truly Yours
